Capacity Kitchen Hunt: Pick any 10 objects, take an estimate. Use a measuring jug to measure the capacity. Record results and send a picture to M. Norah.

|  | Objects | My <br> Estimate <br> in $L$ and ML | Actual Capacity | Rewrite capacity in ML | Rewrite capacity in Fractions or Decimals |
| :---: | :---: | :---: | :---: | :---: | :---: |
| 1. | Capacity of lunchbox Example: | 0 litre 650 ml | 500 ml | 500 ml | $\frac{1}{2}$ I or 0.51 |
| 2. | Capacity of an egg cup |  |  |  |  |
| 3. | Capacity of a small milk carton |  |  |  |  |
| 4. | Capacity of a large milk carton |  |  |  |  |
| 5. | Capacity of a mug |  |  |  |  |
| 6. | Capacity of a milk jug |  |  |  |  |
| 7. | Capacity of a large cup |  |  |  |  |
| 8. | Capacity of a large water bottle |  |  |  |  |
| 9. | Capacity of a juice carton |  |  |  |  |
| 10. | Capacity of a small water bottle |  |  |  |  |
| 11. | Capacity of a drink can |  |  |  |  |
| 12. | Capacity of a yoghurt carton |  |  |  |  |
| 13. | Capacity of a large bowl |  |  |  |  |
| 14. | Capacity of a beaker |  |  |  |  |
| 15. | Capacity of a butter tub |  |  |  |  |
| 16. | Capacity of a small saucepan |  |  |  |  |
